PRECISION MAINTENANCE BOOTCAMP

For Supervisors, Planners, Vibration Analysts, & other roles that lead the work process

NOVEMBER 7-10, 2022

Calhoun Community College- Decatur AL Campus

The **Reliability/Precision Maintenance Bootcamp** is designed to accelerate the essential knowledge & skills necessary for reliability managers and other essential roles that are positioned to lead reliability improvement.

Bootcamp Topics:

10- Steps to Precision Maintenance: Strategies, Processes & Tactics

- | | |
|--|---|
| 6. Awareness of the business issues & trends | 1. Application of Skills |
| 7. Precision Maintenance Skills Assessment | 2. Measuring Results – KPI's That Drive the Correct Actions |
| 8. Sr. Management Sponsorship | 3. Process Review & Mentorship |
| 9. Roles, Responsibilities & Processes | 4. New Hire Musts |
| 10. Training Implementation | 5. Achieving Sustainability |

These hands-on exercises will be an accelerated pace for both Skills 1 (Assembly, Installation & Rebuild) and Skills 2 (Precision Bearing Installation and Lubrication) courses. Each participant can experience for themselves the key elements of precision assembly, installation and rebuild skills necessary to enable equipment to run as intended and recognize the common errors that occur!

Recommended Audience: Front-line Supervisors, Project & Reliability Engineers, Maintenance Managers, & Superintendents, and others leading the implementation of reliability improvements.

Cost: \$2,495.00 /per student (Light Breakfast & Lunch provided daily)
